**Aydinkaya Group, with its experience of more than 20 years, provides services in 4 branches, including service-maintenance, spare parts manufacturing and domestic and foreign spare parts sales of underground and surface rock drilling machines. Aydınkaya Group manufactures drifters and machines of brands such as Atlas Copco-Epiroc, Sandvik-Tamrock, Montabert, Furukawa, Ingersoll Rand, Soosan and spare parts for hydraulic breakers such as Rammer, Atlas Copco, MTB, Furukawa, Krupp, Soosan and Daemo.**

**We are here to SOLVE your problems and CONTRIBUTE to your success.**

Aydinkaya Group has stepped into the sector by performing the service and maintenance of underground and surface rock drilling machines. The company, which took the name of Aydinkaya Group in 2017, continues its service in 4 branches, including service-maintenance, spare parts manufacturing and domestic and international spare parts sales, with its experience of more than 20 years. We continue our activities as surface drilling, underground drilling, high-speed train-metro projects, road tunnels and mines. We provide solution partnership services to our valued customers in case of malfunctions such as electrical-electronics, electric motors, hydraulic pumps, hydromotors, filters, drifter parts, sealing equipment, undercarriages.

We manufacture spare parts for Atlas Copco-Epiroc, Sandvik-Tamrock, Montabert, Furukawa, Ingersoll Rand, Soosan drifters, machines and hydraulic breakers such as Rammer, Atlas Copco, MTB, Furukawa, Krupp, Soosan and Daemo, and the raw material and quality of our products are genuine products are determined after mechanical and chemical analyzes. We have the chance to control the quality and efficiency of our products by using spare parts of our own production in the machines we make service&maintenance. By identifying the needs of our customers together, we support them with all our strength in engineering, research and development, planning, timely and safe delivery, after-sales service and training.

Aydinkaya Group, while providing Sales-Service and Spare Parts services, ensures that you get the highest efficiency from your machines by fulfilling the requirements of business and working conditions. By using its knowledge and experience in the field of construction and service in the most efficient way, it ensures that your machines run smoothly for the longest possible time by using the most suitable equipment for your machine in all kinds of service and maintenance.

AYDINKAYA GROUP, which set out with the aim of being the first and continuous choice of all companies aiming to provide efficiency and productivity in underground and aboveground projects in the construction, mining and industry sectors; it aims to be one of the leading companies in the sector by constantly increasing its production, sales and service quality with its entrepreneurial, innovative and open to development identity. Our quality principle is the slogan of "mutual satisfaction". We aim to fulfill the conditions of continuity with mutual satisfaction. The mission we undertake while maintaining our continuity is the mission of innovation. We are in search of services in pursuit of a constant question of "what can we do" in the name of innovation without repeating ourselves.

As Aydinkaya Group, our primary goal is to have reliable, quality and affordable products and satisfied customers. Whether our sales are domestic or international, we are a strict follower of the feedback about our after-sales products. We stand behind our products and services in order to control and guarantee the compatibility, suitability and longevity of our products.

Группа "Айдинкая" заняла свое место в секторе ремонта и обслуживания подземных и надземных буровых машин. Компания, получившая название группы "Айдинкая" в 2017 году, имеет 20-летний опыт работы и продолжает свое обслуживание в 4 подразделениях, включая сервисные услуги и обслуживание, производство запасных частей и продажу запасных частей за рубежом. Основными направлениями деятельности нашей компании являются строительная и горная техника в промышленной сфере. Мы продолжаем нашу деятельность в рамках проектов по туннелированию, таких как поверхностное сверление, подземное сверление, проекты скоростных поездов и метро, дорожные туннели и рудник. Мы предоставляем нашим уважаемым клиентам услуги партнерства с решениями в случае неисправностей таких важных запчастей, как электроника, электродвигатели, гидравлические насосы, гидромоторы, фильтры, детали гидроперфораторы, уплотнительное оборудование, ходячие подгруппы.

Мы производим запасные части для буровых установок Atlas Copco-Epiroc, Sandvik-Tamrock, Montabert, Furukawa, Ingersoll Rand, Soosan, станков и гидромолотов, таких как Rammer, Atlas Copco, MTB, Furukawa, Krupp, Soosan и Daemo и сырье и качество наших продуктов определяются после механического и химического анализа оригинальных продуктов. У нас есть возможность контролировать качество и эффективность нашей продукции, используя запасные части собственного производства на машинах, которые мы ремонтируем. Определяя потребности наших клиентов вместе с ними, мы изо всех сил поддерживаем их в области машиностроения, исследований и разработок, планирования, своевременной и безопасной доставки, послепродажного обслуживания и обучения.

Aydingkaya Group, предоставляя услуги по продажам и запасным частям, гарантирует, что вы получите максимальную эффективность от ваших машин, выполняя требования бизнеса и условий труда. Используя свои знания и опыт в области стройплощадки и обслуживания наиболее эффективным образом, она обеспечивает бесперебойную работу ваших машин в течение максимально долгого времени, используя наиболее подходящее для вашей машины оборудование во всех видах обслуживания и ремонта.

Наш принцип качества - это девиз «взаимное удовлетворение». Мы стремимся выполнить условия преемственности с взаимным удовлетворением. Задача, которую мы берем на себя, сохраняя при этом свою преемственность, - это инновационная миссия. Мы находимся в поиске услуг и постоянно создаем инновации.

Основная цель группы Айдинкая - иметь надежные, качественные и доступные продукты и довольных клиентов. Независимо от того, являются ли наши продажи внутренними или международными, мы внимательно следим за отзывами о наших послепродажных продуктах. Мы ответственны и уверены в своих продуктах и услугах, контролируем и гарантируем совместимость, пригодность и долговечность наших продуктов.

إلى هذا القطاع من خلال أداء خدمة وصيانة آلات حفر الصخور تحت الأرض والسطحية. تواصل Aydınkaya Group صعدت مجموعة في عام 2017 ، خدماتها في 4 فروع ، بما في ذلك صيانة الخدمة وتصنيع قطع الغيار Aydınkaya Group الشركة التي حملت اسم مجموعة ومبيعات قطع الغيار المحلية والدولية ، بخيرتها التي تزيد عن 20 عامًا. المجالات الرئيسية للنشاط من شركتنا آلات البناء والتعدين في المجال الصناعي .نواصل أنشطتنا مثل الحفر السطحي والحفر تحت الأرض ومشاريع المترو عالية السرعة وأنفاق الطرق السريعة والمناجم . نحن نقدم خدمات شراكة الحلول لعملائنا الكرام في حالة حدوث أعطال مثل الإلكترونيات الكهربائية والمحركات الكهربائية والمضخات الهيدروليكية .والمحركات المائية والفاانتر وأجزاء المسدسات ومعدات الختم والمجموعات الفرعية للمشفي

و Ingersoll Rand و Furukawa و Montabert و Sandvik-Tamrock و Atlas Copco-Epiroc نقوم بتصنيع قطع غيار ل Soosan و Soosan و Krupp و Furukawa و MTB و Atlas Copco و Rammer وبنادق الحفر والكسارات الهيدروليكية مثل ، Soosan والمواد الخام وجودة منتجاتنا هي منتجات أصلية يتم تحديدها بعد التحليل الميكانيكي والكيميائي .لدينا فرصة للتحكم في جودة وكفاءة Daemo منتجاتنا باستخدام قطع غيار من إنتاجنا في الآلات التي نخدمها .من خلال تحديد احتياجات عملائنا معًا ، فإننا ندعمهم بكل قوتنا في الهندسة .والبحث والتطوير والتخطيط والتسليم الآمن في الوقت المناسب وخدمة ما بعد البيع والتدريب

أثناء تقديم خدمات المبيعات وقطع الغيار ، حصولك على أعلى كفاءة من أجهزتك من خلال تلبية متطلبات ، Aydınkaya Group تضمن العمل وظروف العمل .من خلال استخدام معرفتها وخبرتها في مجال البناء والخدمة بأكثر الطرق كفاءة ، فهي تضمن أن أجهزتك تعمل بسلاسة .الطول وقت ممكن باستخدام أنسب المعدات لجهازك في جميع أنواع الخدمة والصيانة

التي انطلقت بهدف أن تكون الخيار الأول والمستمر لجميع الشركات التي تهدف إلى توفير الكفاءة والإنتاجية في ، AyDINKAYA مجموعة مشاريع تحت الأرض وفوق الأرض في قطاعات البناء والتعدين والصناعة ؛ من خلال هويتها الريادية والمبتكرة والمنفتحة ، تهدف إلى أن تكون واحدة من الشركات الرائدة في هذا القطاع من خلال زيادة إنتاجها ومبيعاتها وجودة خدماتها باستمرار .مبدأ الجودة لدينا هو شعار "الرضا المتبادل ."تهدف إلى تلبية شروط الاستمرارية بالرضا المتبادل .المهمة التي نتعهد بها مع الحفاظ على استثمارنا هي مهمة الابتكار .نحن نبحث .عن الخدمات سعيًا وراء سؤال دائم حول "ماذا يمكننا أن نفعل" باسم الابتكار دون تكرار أنفسنا

فإن هدفنا الأساسي هو الحصول على منتجات موثوقة وعالية الجودة وبأسعار معقولة وعمالء راضين .سواء ، Aydınkaya بصفتنا مجموعة كانت مبيعاتنا محلية أو دولية ، فنحن متابعون صارمون للتعليقات حول منتجاتنا ما بعد البيع .نحن ننف وراء منتجاتنا وخدماتنا من أجل التحكم .وضمن توافق منتجاتنا ومالئمتها وطول عمرها

Aydinkaya Group ha entrado en el sector realizando el servicio y mantenimiento de máquinas perforadoras de roca subterráneas y superficiales. La empresa, que tomó el nombre de Aydinkaya Group en 2017, continúa su servicio en 4 sucursales, que incluyen servicio-mantenimiento, fabricación de repuestos y venta de repuestos nacional e internacional, con su experiencia de más de 20 años. Continuamos nuestras actividades como perforación de superficie, perforación subterránea, proyectos de tren-metro de alta velocidad, túneles de carreteras y minas. Brindamos servicios de asociación de soluciones a nuestros valiosos clientes en caso de fallas, como la electrónica eléctrica, los motores eléctricos, las bombas hidráulicas, los motores hidráulicos, los filtros, las piezas de los drifters, los equipos de sellado, los trenes de rodaje.

Fabricamos repuestos para Atlas Copco-Epiroc, Sandvik-Tamrock, Montabert, Furukawa, Ingersoll Rand, Soosan drifters, máquinas y martillos hidráulicos como Rammer, Atlas Copco, MTB, Furukawa, Krupp, Soosan y Daemo, y la materia prima y La calidad de nuestros productos son productos genuinos y se determina después de análisis mecánicos y químicos. Tenemos la posibilidad de controlar la calidad y eficiencia de nuestros productos mediante el uso de repuestos de producción propia en las máquinas que realizamos servicio y mantenimiento. Al identificar juntos las necesidades de nuestros clientes, los apoyamos con toda nuestra fuerza en ingeniería, investigación y desarrollo, planificación, entrega oportuna y segura, servicio postventa y capacitación.

Aydinkaya Group, al mismo tiempo que brinda servicios de ventas, servicio y repuestos, garantiza que obtenga la mayor eficiencia de sus máquinas al cumplir con los requisitos de las condiciones comerciales y de trabajo. Al utilizar su conocimiento y experiencia en el campo de la construcción y el servicio de la manera más eficiente, asegura que sus máquinas funcionen sin problemas durante el mayor tiempo posible utilizando el equipo más adecuado para su máquina en todo tipo de servicio y mantenimiento.

GRUPO AYDINKAYA, que nace con el objetivo de ser la primera y continua elección de todas las empresas con el objetivo de aportar eficiencia y productividad en proyectos subterráneos y aéreos en los sectores de la construcción, la minería y la industria; aspira a ser una de las empresas líderes del sector aumentando constantemente su producción, ventas y calidad de servicio con su identidad emprendedora, innovadora y abierta al desarrollo. Nuestro principio de calidad es el lema de "satisfacción mutua". Nuestro objetivo es cumplir las condiciones de continuidad con satisfacción mutua. La misión que asumimos manteniendo nuestra continuidad es la misión de la innovación. Buscamos servicios en pos de una pregunta constante de "qué podemos hacer" en nombre de la innovación sin repetimos.

Como Grupo Aydinkaya, nuestro objetivo principal es tener productos fiables, de calidad y asequibles y clientes satisfechos. Ya sea que nuestras ventas sean nacionales o internacionales, somos un estricto seguidor de los comentarios sobre nuestros productos posventa. Respaldamos nuestros productos y servicios para controlar y garantizar la compatibilidad, idoneidad y longevidad de nuestros productos.
